Summary

I had studied programming while in college, and decided to further develop my programming skills, joining many programming Frontend bootcamps. I have over 2 working years of working experience in IT Industries with tech stack VueJS, ReactJS, & Laravel. I am deeply passionate about crafting clean code & slicing UI/UX design. My goal career is to build high quality code, clean architecture, & creating beautiful responsive UI/UX design for any application.

Skills

Backend Golang, NodeJS, Express, Laravel, Java

Frontend JavaScript, TypeScript, ReactJS, React Native, VueJS, Next.js, Bootstrap, Tailwind CSS
